Form of Pension Payment (you can only choose one option)

REGULAR PENSION

I do not wish to receive benefits in the form of a Qualified Joint and Survivor Pension. I am aware that I am electing to receive a lifetime annuity and in the event of my death, regardless of the number of payments I received, no further payment will be made to my beneficiary, as designated in Section 15. I understand that rejecting the Qualified Joint and Survivor forms of payment means NO benefits will be paid to my spouse by the Bricklayers & Trowel Trades International Pension Fund after my death.

_____ (Applicant Signature)

I am the spouse of the above referenced applicant. I understand that I have the right to have the Bricklayers and Trowel Trades International Pension Fund pay my spouse's pension benefits in the form of a Qualified Joint and Survivor annuity and I agree to give up that right. I understand that by signing this agreement, I may receive less money than I would have received under the Qualified Joint and Survivor form of payment, and I may receive nothing after my spouse dies, depending on the form of payment and beneficiary that my spouse chooses. I consent to my spouse's rejection of the Qualified Joint and Survivor Pension and agree to my spouse's choice of beneficiary in Section 15. I understand that my spouse cannot choose a different beneficiary unless I agree to that change. I understand that I do not have to sign this agreement. I am signing this agreement voluntarily. I understand that I may not be paid a pension from this Pension Fund after my spouse's death.

Covered Employment Verification

Your application CANNOT be processed unless you sign this section or provide an explanation of your Noncovered Employment. The explanation must include the dates, job classification, and the name of the Employer who was not party to a Collective Bargaining Agreement.

The following is a summary of the Rules and Regulations of the International Pension Fund regarding Noncovered Masonry Employment and its effect of benefit eligibility.

Noncovered Masonry Employment means employment in the Masonry Industry on or after June 1, 1988, for an employer which does not have, or self-employment which is not covered by, a collective bargaining agreement between the Union and the employer.

Under the Plan rules, work in Noncovered Masonry Employment after June 1, 1988, would in effect cause a member to forfeit any future entitlement to death or disability benefits, and delay eligibility for early retirement benefits. The date they would become eligible for early retirement benefits is automatically delayed six months for each calendar quarter they engaged in Noncovered Masonry Employment. In the case of early retirement or disability benefits, the delay or forfeiture will be eliminated if the Participant earned at least six (6) years of Future Service Credit in Covered Employment immediately following termination of Noncovered Masonry Employment.

Noncovered Masonry Employment also cancels past service credits. The rules do provide that any such loss of past service credit shall not decrease accrued normal retirement benefits to an amount less than the accrued normal benefit a participant had on May 31, 1988.

I hereby apply for benefits from the Bricklayers and Trowel Trades International Pension Fund. I have read and understand the above summary of the rules on Noncovered Masonry Employment. This is to certify that I have not engaged in Noncovered Masonry Employment since June 1, 1988. I realize that any false statement by me may cause me to forfeit my entitlement to benefits from the Bricklayers and Trowel Trades International Pension Fund.
